

## The Biology and Chemistry of Vision

June 14 - 19, 2009  
Snowmass Village, Colorado

### Organizers:

King-Wai Yau, Ph.D., Johns Hopkins University School of Medicine  
Theodore G. Wensel, Baylor College of Medicine

### Opening Lecture:

Gregory Hageman, "Age-Related Macular Degeneration and the Immune System."

**Session 1:** Pigment and Regeneration

**Session 2:** Photoreceptor: Physiology

**Session 3:** Photoreceptor: Biochemistry

**Session 4:** Photoreceptor: Cell Biology

**Session 5:** Photoreceptor: Development

**Session 6:** Non-Rod/Non-Cone Photoreceptor

**Session 7:** Retinal Pigment Epithelium

**Session 8:** Disease/Animal Models

**Session 9:** Retinal Therapy
